

What is HeartChase?

Newport HeartChase is loads of fun... with a purpose!

Saturday, May 21, 2016. Newport on the Levee. 10am-12pm

JOIN IN THE CHALLENGE & GET YOUR GAME ON!

HeartChase is an engaging new fundraising game that provides the chance to help our community and the AHA chase away heart disease for good. Teams of 2-5 people will compete in mission-based challenges. Each challenge is FUN and also promotes healthy lifestyle choices. Games will test your knowledge and skills related to physical fitness, nutrition, or hands only CPR.

The team with the most points at the end of the clock wins! But HeartChase doesn't start (or end) there...

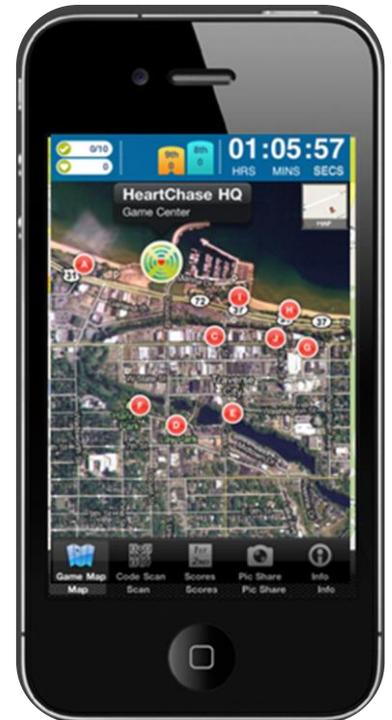

THE CHASE STARTS NOW!

While the event is free to play, chasing away heart disease is no small task and the AHA needs everyone's help to make it possible. To put the fun in fundraising and jump start the competition, we've created a series of Game Advantage Cards that are used to get a head start on chase day. The first Game Advantage Card only goes to the first ten teams to reach \$100. And the team with the highest donation total wins a special, one of a kind Game Advantage Card!

***** HURRY - ONLY THE 1ST TEN TEAMS TO \$100 CAN GET THIS CARD! *****

KEEP THE CHASE ALIVE - ONLY THE TOP RAISING TEAM GETS THIS CARD!

HOW TO PLAY AND WIN!

1. Register for HeartChase at www.HeartChase.org. Recruit players for your team and make sure they are registered.
2. Download the **HeartChase App** on your Smart Phone.
3. Start your **team fundraising** efforts and **earn Game Advantages!**
4. On game day, **May 21, 2016** wear your best **team costume!** Once the game starts:
 - **Get as many points as possible** by completing checkpoint challenges and finding hidden donations before the clock runs out. The HeartChase App tracks your team's points.
 - **Game Advantages will make winning easier** by allowing your team to do things like skip to the front of a checkpoint line or completely skip a checkpoint and still get the points!
