

## Preferences

The Campbell County Department of Housing determines applicant place on the waiting list by “Local Preferences:”. Each preference has a point value given to it. Multiple preferences will qualify an applicant for higher placement on the list. Currently we have three preferences:

- Single Elderly (age 62 or older, lives alone)
- Family with disabled household member (any member of the family)
- Resident of Campbell County or Pendleton County (excluding the City of Newport)

All other applicants will be ranked by date and time of application submittal. All applications with equal number of preferences will then be ranked according to date and time of submittal.

## Rental Voucher

When a family reaches the top of the waiting list, they are notified to attend a Housing Voucher Orientation. This orientation provides families a comprehensive overview of all aspects of the Housing Program. The orientation may conclude with the issuance of a Voucher or the scheduling of an eligibility appointment. Vouchers specify the number of bedrooms allowed for a specific family and the timeframe in which they must find housing. Vouchers are valid for all areas of Campbell County (excluding the City of Newport) and Pendleton County.

## Our Agency At A Glance

Campbell County Department of Housing was established in 1975 with the ability to assist 158 families in the Campbell County jurisdiction. In 1976, the agency realized there was an even greater need for affordable housing in the area and an application for additional units was processed. In August of 1978, Campbell County Department of Housing was awarded 142 units bringing the total to 300 families in Campbell County receiving decent, safe, and sanitary housing for their families at an affordable rate. In December of 1976, the CCDH and Pendleton County entered into an agreement to assist low income residents of Pendleton County with regard to rental assistance under the Section 8 Assistance Program. 30+ years and thousands of families later, we continue to offer the residents of Campbell and Pendleton Counties the best service we possibly can. In recent years CCDH has assisted approximately 600 families during any given month. Our mission statement remains the same: "to provide decent, safe, and sanitary housing at an affordable rate for our families."
